

Motorbike Chain and Brake Cleaner

Description

Specially developed cleaner with selected solvent combinations for fast, easy cleaning and degreasing structural parts in the two-wheel sector.

Properties

- high proportion of active components
- absolutely free of chlorine
- optimum penetration capacity
- low surface tension
- dissolves resin and tar-type residues
- controlled evaporation free of residues
- leaves no residues
- optimizes economical use
- removes oil and grease-based contaminants

Technical data

Color / appearance	colourless
Flash point	< 21 °C
Base	solvent-mixture, acetone-free
Form	liquid, aerosol
Propellant	CO2
Shelf life in original sealed container	30 Monate

Areas of application

For cleaning chains with and without O/X rings on two-wheelers and quads as well as drum and disc brake systems, their brake pads and components as well as brake calipers.

Application

Place a box or rag under the parts to be cleaned. Spray dirty chains with Motorbike Chain and Brake Cleaner and let it run off. After the solvents have evaporated, the chain will be clean and free of grease and ready to be coated with Motorbike Chain Lube or Chain Lube white. Do not spray onto plastics. Do not lay rubber components in a container with Cleaning Fluid to clean them as they may be attacked. Note Check parts which have been painted for compatibility by testing on a hidden area.

Available pack sizes

500 ml Can aerosol	1602
	D-GB-I-E-P
500 ml Can aerosol	20938
	JP
500 ml Can aerosol	20742
	GB-DK-FIN-N-S

Available pack sizes

500 ml Can aerosol	5964
	D-F-I-GR
